ROUND MANUAL – BAYONET

EST-GWS-R-K Electro Connector for EOAT Quick Change

ADVANTAGES

- V1 - gold-plated contacts
- V2 - no pull-off forces during separation
- V3 - when closing the contact, larger position tolerances can be easily bridged
- V4 - Compatible with Wemo/Gimatic/SAS systems
- V5 - fixed contact surface, flush with the surface of the housing, therefore no dirt deposits possible
- V6 - long service life

REMARK

- When used with Wemo/Gimatic/SAS systems, ensure that
- make sure that AGS electrical plugs (EST-GWS-R-K with
- EST-GGP-R-K) can only be used as a set

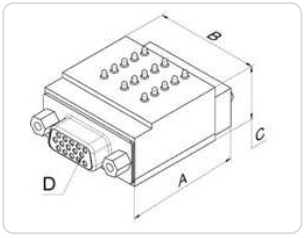

DESIGNATION	ITEM NO.	A	B	C	D	WEIGHT	X
EST-GWS-R-K	1-10-81-86-00-EST	35	31	16	15	0.03Kg	GWS-R-10/20

GWH-R EOAT Wall Mount for EOAT Quick Change System Rd - Loose side

ADVANTAGES

- V1 - mountable on AGS profiles
- V2 - optimum mounting of the gripper
- V3 - the GGP-R can be inserted into the wall bracket either upwards or downwards into the wall bracket

REMARK

- Material = stainless steel
- Scope of delivery:
- With fastening screws and sliding blocks
