97.1 - ELECTRONICS ACCESSORIES

PRO Protector for protective hose KSS

ADVANTAGES

- V1 - The protectors
- PRO protect the flexible protective hoses from impact and abrasion. These
- protectors serve as a stop and length limiter for
- protective conduits.
- V2 - The protectors are also suitable for repairing minor damage to the protective hose.

REMARK

- Material: PA6

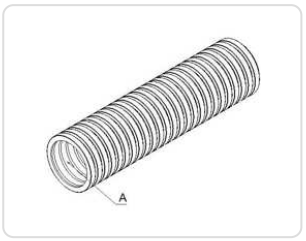

DESIGNATION	ITEM NO.	A
PRO-KSS-23	1-97-37-10-00-PRO	KSS-R-23
PRO-KSS-29	1-97-37-12-00-PRO	KSS-R-29
PRO-KSS-36	1-97-37-14-00-PRO	KSS-R-36

Legend: A = suitable for protective sleeve KSS-R-.....

97.1 - ELECTRONICS ACCESSORIES

KSS-R Cable protection hose for robot applications

ADVANTAGES

- V1 - Suitable for use with robots, as the protective conduits
- are highly flexible.

INFO

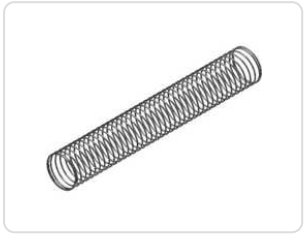

- Delivery quantity:
- metre
- Price: per running metre

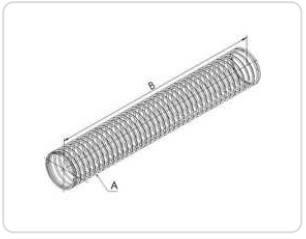

DESIGNATION	ITEM NO.	A
KSS-R-23	1-97-38-08-00-KSS	NW23
KSS-R-29	1-97-38-10-00-KSS	NW29
KSS-R-36	1-97-38-12-00-KSS	NW36

Legend: A = Nominal diameter

RHF Return spring for KSS-R

ADVANTAGES

- V1 - The return spring is a compression spring that keeps the protective hose KSS-R under tension and thus keeps it away from the robot arm.
- V2 - The spring enables the required hose length to be tracked while the robot arm is moving.

DESIGNATION	ITEM NO.	A	B
RHF-KSS-R-23-600	1-97-39-10-00-RHF	KSS-R-23	600
RHF-KSS-R-29-600	1-97-39-14-00-RHF	KSS-R-29	600
RHF-KSS-R-36-600	1-97-39-18-00-RHF	KSS-R-36	600

Legend: A = suitable for protective hose KSS-R-.... B = untensioned spring length
