98.0 Electrical/tyre connectors

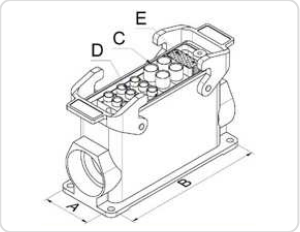

Pure pneumatics or pneumatic connectors

The highlight here is the combination of pneumatic and electrical connections in one housing.

AGH Mounting case

ADVANTAGES

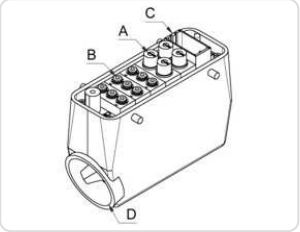

- V1 - Simple connection of air and electrical connections
- V2 - Shockproof due to heavy-duty plug connection

DESIGNATION	ITEM NO.	A	B	C	D	E
AGH-P-13-E-17	1-98-10-40-00-AGH	45	105	4xPSC-6	9xPSC-4	17

Legend: A = width B = length C = pneumatic connections 1 D = pneumatic connections 2 E = number of pins

TGH Grommetcase

ADVANTAGES

- V1 - Simple connection of air and electrical connections
- V2 - Impact-resistant due to heavy-duty plug connection

REMARK

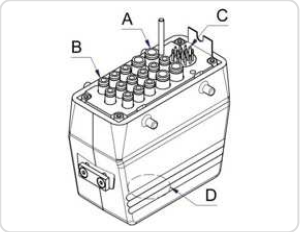

- - 4x pneumatic pins for 6mm hose
- - 9x pneumatic pins for 4mm hose
- - 1x contact insert module pins, 17-pin, crimp contacts
- - 1x cable / hose inlet M40

DESIGNATION	ITEM NO.	A	B	C	D
TGH-P-13-E-17	1-98-10-50-00-TGH	4xPSC-6	9xPSC-4	17	M40

Legend: A = pneumatic connections 1 B = pneumatic connections 2 C = Number of pins

TGH-KM Grommetcase KraussMaffei

ADVANTAGES

- V1 - Simple connection of air and electrical connections

REMARK

- - TGH-P-16-E-19-KM suitable for: KraussMaffei (EPS-16-19-W)
- - TGH-P-20-E-38-KM suitable for: KraussMaffei (EPS-20-38-W)
